Schools · Camps · Groups

Bring the **build** **workshop** to you

A BrickAndMotorLabs workshop runs in your classroom, camp or group: we bring every kit, part and manual, you bring the kids. Maximum 4 students per kit, so every child builds. Ages 5+, no screens.

90 minute build session · gears, cams, motors, linkages

Take-home option: add kits for each build team

Scan for workshop details, then request your date

brickandmotorlabs.com/events

Scan the kit cards

Each kit on the table has **its own code**

Flip through the cards on the back of the table: every kit has a photo, the price, the age, and a code that opens that exact kit on the website. Scan the one your child is holding.

Ask us anything: stock, ages, what is in the box
