

BrickAndMotorLabs *Spark Real Minds.*

Scan to see all 15 kits

Bring the *workshop* to you

Max 4 students per kit · every child builds, no spectators

We bring all kits, parts & manuals · you bring the kids · Ages 5+ · real gears, motors & RC

Arrange a workshop → brickandmotorlabs.com

Robotic STEM kits, ages 5+ with real gears, real motors, no screens. Come see what your child can build, and meet us in person.

15 BLIX STEM & ROBOTICS KITS

BrickAndMotorLabs is a Canadian STEM & robotics education company behind the BLIX line of build-it-yourself kits for ages 5+, with real gears, real motors & real 2.4 GHz remote control.

Kits for sale: all 15 kits ship across Canada from brickandmotorlabs.com.

Workshops: we bring hands-on build workshops to schools, camps & community groups.
